## At Cost for Cash.

IF IN SEARCH OF BARGAINS, THIS IS YOUR OPPORTUNITY.

**ED. BAILEY,**

McKee Building, Main Street, MT. STERLING, KY.

YES, TO YOU.

The U. S. Postoffice Department has made a new ruling, requiring all publishers of newspapers to exact the pay in advance for all subscribers whose papers are carried in the mails at the second-class rate, or one cent per pound. Otherwise the postage rate would be prohibitory. All publishers are given a limited time in which to adjust their subscription list to the new ruling. Therefore all our subscribers are requested to at once pay up in advance, else when the time limit expires we shall be compelled to stop sending the paper except to those who have paid in advance.

## LATEST NEWS FROM THE SOUTH-WEST.

Admiral Bill Johnson arrived in town a few days ago and was met by a newspaper man at one of the calamity coal stations on maysville street. he said he did not have much news to give out for the press just now, specially politics, tho he might talk a little along the presidential outlook after he had visited a few of the calamity stations, tho he said I am for the new depot, and all so will instruct for w. h. Taft or bust. he had just come in on the conner line from nickolasville seeking rest, and he sed his helth had bin a little off this spring and his calamity water for awhile he might gaine his helth all right in a few days. he sed he was a little skitish at first about landing his gun boat on maysville street coal stations as he had herd Admrals youngs fleet was plowing thru the montgomery waters cleaning up all the long green and criminal jobs whitich had been monkeying with the monro doctering latly, but as one of admral youngs body guards capt. conner was a countryman of his he though if he did git in any calamity mix up the captin would come to his rescue, as tha both had mashed meny a quid of long green together in the same town, so he concluded to land and histe his flag of friendship for a few days, he was so disappointed when he herd mr. moore had gone east. he seems to think if the mt. sterling buisness club instrucks for taft and the new depot the money panic will soon be a thing of the past. he also says if taft or w. j. bryan would come here and make a speech at the council meeting sun night he beleaved it would be the caus of the city dads giting buisy about puting a few hats full of rock on one of the star bal mountain streets, its oful bad about giting to a circus on a raney day, speely between rabbit and chicken avanue. by gosh who has to pay the solgers, the long green oners or the tax payers. if its tax payers why not giv sum of our town lufers a horspistol and put them on the pay role. we would hav sum of our tax money spent at home among our business men. put the paying where it be long then you will see the way the cat jumps. admral johnson spok very favorable of the fair project. he went on to explain what a grate benafit it would be as a money making job for the beef stake and calamity water peeple. he says ten cent calamity and twenty cent whang leather would bring all peeple to the fare, both black and white. the admral says he is thinking about starting a butcher shop in mt. sterling himself, and if he dus he wont handle any thing but the finest and best the market afords, such as beef mutton and goat meets, rabbits, possums, etc. he says goat meet brings the biggest prices of all meets out west. after he got thru talking with the paper reporter he excused himself, jumped in his gun boat and tuck a bee line for rat harbor, in robbersville, so the last time he was seen he was in the Louisville store trying on a new suit of cloths, to visit frogtown in. he may by this time be on conners line plowing the grit between here and howards mill at the rates of three drinks a mile.

### Checks to be Sent to Tobacco Growers.

The district board of the Burley Tobacco Society, in session at Winchester, adjourned Wednesday after holding a three days' session. The chief question discussed and decided was the adoption of a method by which the money for the pooled tobacco which has been sold may be disbursed to the different counties.

Ninety per cent. received from the sale of the pooled tobacco will be disbursed and 10 per cent. will be retained by the society as an equalization fund until the remainder of the tobacco is disposed of. Checks will be sent from headquarters there to the individual growers, but before being given to the growers the Board of Control of each county will endorse the check. The money to these checks will be deposited in the local banks of each county.

Of the ten per cent. retained, four-fifths will be deposited in each county and one-fifth will be retained here until the other tobacco is sold. Previous to this

meeting there has been considerable variation in the management of affairs by the different boards of control, but in the distribution of funds a uniform system will be followed in every county. Crops this year will be grown principally in the counties which are unorganized, such as Madison and Garrard. Reports also show that there is no effort being made to extend the territory in which burley tobacco is grown. The next meeting of the board will be held the first Tuesday in June.

### For Sale.

One 200-egg incubator and brooder for sale cheap, apply at Advocate Office.

The State Government is directing energies towards breaking up the bands of night riders in Trigg county. Soldiers under command of Gen. Roger Williams have been sent to the county to back up the civil authorities in their effort to apprehend the leaders of the lawless bands.

We've beveries of beauties in Spring shirts. New patterns. Guthrie Clo. Co.
